

MARRAKECH

THE RED CITY

Let's protect its water
And keep it green

Water is life. Let's save and reuse every drop.

Use water wisely

In all daily activities:
in the kitchen, in the
bathroom, at work.

Choose plants that use less water

Local plants use less
water. Water your plants at
coolest hours of the day.

Preserve our city's beauty

Don't throw your
waste in waterways
and fountains.
