ΣΥΟΕ | Ε.Ο.Ι.Ο.

Together we safeguard
its precious waters

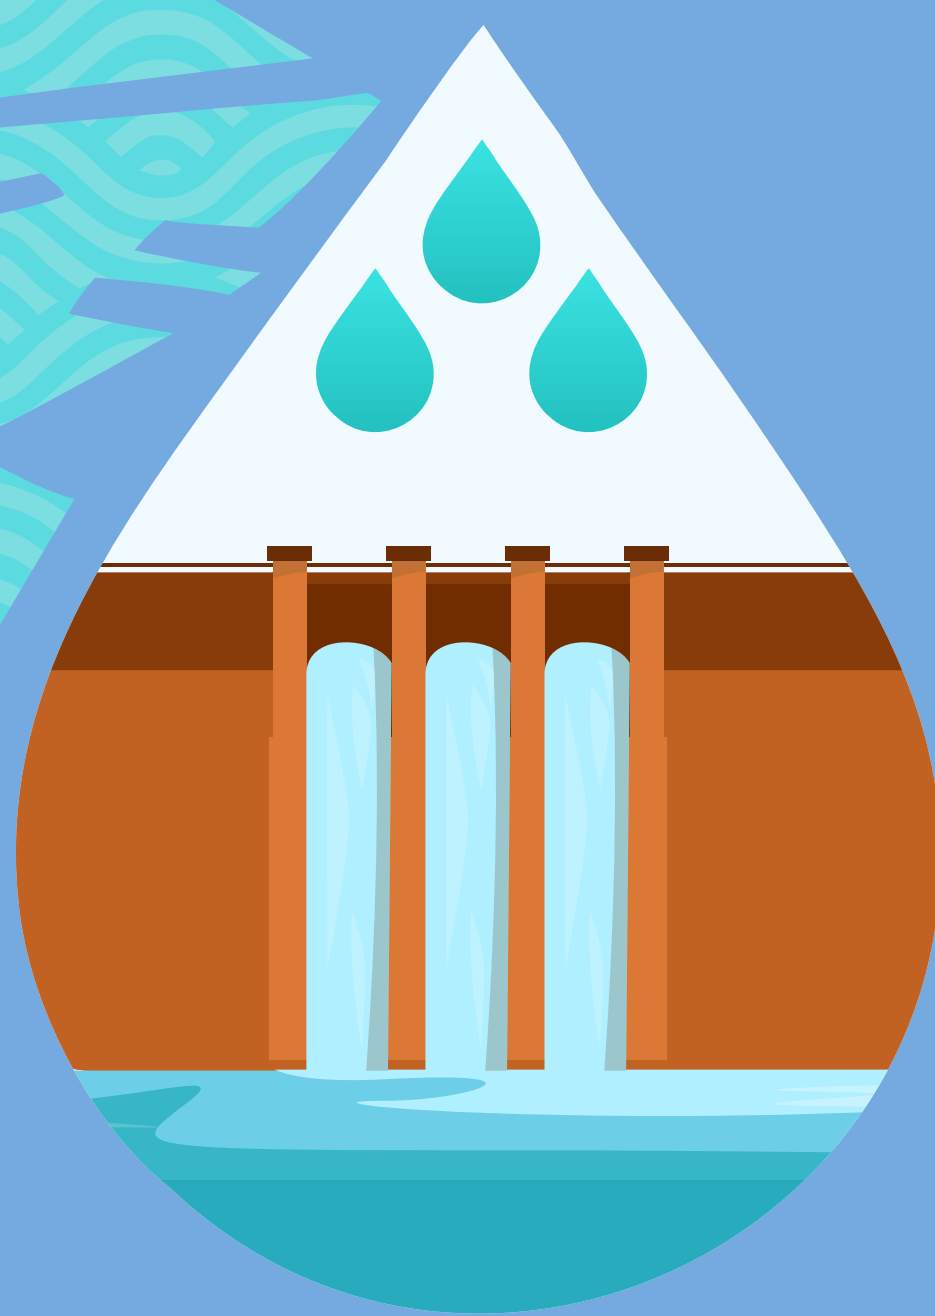

Water is life. Let's save and reuse every drop.

**Save water as
demand grows**

Every drop you save at
home and at work helps
keep up with demand.

**Save water today,
find it in time of need**

Small daily savings
preserve our water
resources from shortages.

**Support growth
without waste**

Use water carefully to
keep industry, tourism,
and the city thriving.
